Cookie Notice

This is the Cookie Notice for eVisit, a product created and owned by Quality Education Solutions LTD ("QES"), issued in accordance with the UK General Data Protection Regulation (UK GDPR).

Cookies are small text files placed on your device when you visit internet sites. Cookies can be used for things such as allowing a website to remember you, to store and honour your preferences and settings, or enabling you to sign in where relevant. Websites may use cookies for detecting what kind of device you have in order to present content in the best way, for a language switch and/or for other purposes. Cookies do not collect or store any person-identifiable information.

eVisit uses a few different cookies to store to store data on your device;

- .AspNetCore.Antiforgery.xxx - this is used to protect against XSRF and CSRF attacks
- .AspNetCore.Identity.Application - this is used as part of the authentication of the logged in user
- Hubspot – we use Hubspot to manage our Service Desk and Customer Success CRM. These cookies all relate to the live chat feature we've embedded within the application allowing you to speak directly with our service desk team.
    - Hubspotutk
    - __hssrc
    - __hstc
    - __hssc
- Identity.twofactoruserid – this is used to enable multi-factor authentication on login.

You can use the controls in your internet browser to control the data collected by Local/Web storage and Cookies, for example by limiting how the websites you visit are able to use Local Storage or Cookies, or to withdraw your Cookie consent (which also removes for Local Storage) by clearing or blocking cookies.

You can refuse the use of cookies by selecting the appropriate settings in your browser. However, if you do this you will not be able to login to the application and may lose some useful functionality such as personalisation.
